

**Sewer Separation Project
Construction Update
February 18, 2011**

February 18 & 19

- Underground Utilities Inc. (UUI) will be delivering materials to the various locations in the Village, with the bulk of the delivery to the north of the Utilities Building. McDonalds truck parking lot will be used for the staging of the 15 loads of pipe, needless to say there will be much truck traffic on Rt. 20 and Lime Street.

Monday - February 21

- UUI will begin digging at the intersection of East First Street & Water Street (SR 105).
- ODOT will be putting up signage for road closure.

Tuesday - February 22

- The intersection of East First Street & Water Street (SR 105) will be closed to all thru traffic beginning Tuesday, Feb. 22th at 7am – Thursday, Feb. 24th at 5pm. Please note that all of First Street will be open from Pine to Bridge. Similarly, State Route 105 will be open north and south of the intersection but not passable through the intersection. Contractor has also indicated that the intersection will also be closed to all Emergency Vehicles for the period stated.

If you have any questions or concerns regarding the information provided in this update, please contact Kris Gerwin at 419-849-3031 or krisg@woodville.net. Underground Utilities Inc. will then be contacted for an answer or solution.
